

4.  
Well "Joy" I guess it won't be  
long until the cold winter is  
upon you all again?

One thing up in  
these parts, one doesn't feel any  
effects of cold weather; It is hot  
all the time, but when I  
get into a cold climate again  
I will feel the cold weather  
more than ever I did before?  
(And so says me)

We went to a  
concert about a week ago, I believe  
it was a snifter affair; We also  
have pictures & hear twice a week,  
do you have no idea how much  
we appreciate these shows?

Well "Joy" its time for me  
to go to bed, so I'll close up  
hoping this letter finds  
you & your children in the  
very best of health & doing  
just as well as I leave you at  
this time of writing.

I remain,  
your fond brother,  
Harold

Edwards
