

OBITUARY.

PRIVATE WALTER ROY.

Mr and Mrs Roy, of Yanac, have received an official notice from the Defence Department stating that their son, Walter, who was reported wounded and missing on October 3, 1917, has been killed in action in France. Much sympathy is felt for the bereaved family in the loss of their soldier son. Private Roy was one of the most popular young men of the district, also one of the best footballers, and played in the good old competitions with the Federal team against Nhill and Kaniva. The deceased embarked for active service in September, 1915, and has seen a lot of heavy fighting in France. He was once reported severely wounded in the foot and was put out of action for some time, but on recovery he soon joined up with his battalion again. Private Arthur Roy, the youngest member of the family, was due to sail from Adelaide on August 5.
