FLIGHT LIEUTENANT GEORGE FREDERICK KLENNER (429813)

CITATION:

Flight Lieutenant KLENNER has completed a large number of operational missions against a wide variety of German targets.

In March, 1945, whilst some distance from his target at Gelsenkirchen, one engine of this officer's aircraft failed and the propeller had to be feathered. Showing outstanding courage and devotion to duty, he continued to the target although he was aware that he would not be able to maintain necessary height and would arrive late over his objective. Despite this he accomplished an extremely successful attack.

Flight Lieutenant KLENNER's superb example has throughout been worthy of the highest praise.

PRIVATE ADDRESS: 74 Jervis Street, TORRENSVILLE. Q'land.
