

# **Captain Arthur Kyle Gault**

# **Played with Adelaide University**

Cricket Club: 1915/1916 B Grade

**Degree: MB BS (1917)** 

## **Background**

Coinciding with the Centenary of Anzacs our incentive behind the series of biographical publications is the Adelaide University Football and Cricket Club's desire to honour our players who served in the Great War (1914 - 1918). These brave men put on hold their academic, professional and sporting careers for King and Country in the name of peace and freedom. The AUFC/AUCC WW1 Memorial Committee is endeavouring to identify every one of our players who served and prepare life stories on all. This is to ensure their sacrifices and further contributions to society will be recognised by future generations.

On Anzac Day 2015, the Centenary of the Gallipoli landing, a memorial plaque was unveiled on the Adelaide University Oval Pavilion and this was followed by the erection of a picket fence between the pavilion and the scoreboard with each picket bearing a plaque with the name of an AUFC/AUCC player who served.

The following documentation relates to the life of Arthur Kyle Gault. It is compilation of information and photographs collected from a variety of historical sources.

Officer in charge of Hospital \*Loss of both on, or immediately after, active service, checkt he attributed thereto, unless there a college that it is due to

## Opinion of the Medical Board.

Norms.—(i.) Clear and decisive assesses to the following questions are to be carefully filled in by the Beard, as, in the event of the man being invalidat, it is essential that the Commissioners of Chaines Hospital should be in pussession of the most reliable information to emable them to decide upon the man's claim to pension.

(8.) Expressions such as "may," "might," "probably," &c., should be avoided.

- (iii.) The rates of printen very directly according to whether the disability is attributed to (a) active service. (b) alimate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability in differentiate between them (see Articles 1262 and 1105, Fay Warrant, 1918).
- (iv.) In asswering question II) the Board aboutd be careful to discriminate between discose resulting from military conditions and disease to which the soldier would have been equally liable in civil life.
- (v.) A disability is to be regarded as due to climate when it is caused by military service abroad to climate where is a special mability to contract the disease.
- (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

active Lennie.

### **Published Biography**

Blood Sweat and Fears: Medical Practitioners and Medical Students of South Australian who served in World War 1. *Verco, Summers, Swain and Jelly 2014.* 

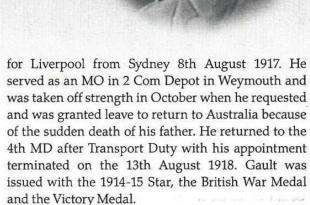

---

1894 - 1955

Gault enlisted in the AIF at Morphettville on the 19th August 1914 as a 4th year Medical Student. He had previous experience of 2 years in the AMC reserve. He was 20 years of age, 5ft10ins, weighed 155lbs, of dark complexion, blue eyes and brown hair. Gault was attached to "B" Section 3 FdAmb. He went with the unit to Gallipoli where he suffered a gunshot wound to the lower jaw on 1st June 1915 at Gaba Tepe. He was admitted to 1 AGH at Heliopolis and was repatriated to Australia on 28th July 1915 weighing only 62 lbs. According to family records his return to Australia was expedited by Professor Archibald Watson. It was deemed by the Military Medical Board on the 30th November 1915 that he was permanently unfit for Military Service. He was refused a military pension and he resumed his medical studies at the University of Adelaide. However after his graduation in July 1917, Gault enlisted again as a captain in the AAMC having completed 1 year and 107 days in the AIF of which 310 days were in overseas service. He now was deemed fit for re-enlistment. He embarked

Gault took over his father's practice and in 1921 he married Ruth Hawker of Bungaree Station, Clare. His marriage to Ruth ended in divorce and he later married Evelyn. He retired suddenly in 1950. He left his assistant Dr. Ken Crafter in charge after his retirement. The practice grew to include 5 doctors, and became known as the Sturt Clinic. Eventually the practice moved into a new building next door. It was renamed "The Crafter Medical Centre in honour of Dr. Crafter". Arthur Kyle Gault died on 7th April 1955 of a ruptured aneurysm and was cremated at West Terrace Cemetery and laid to rest with his parents in Mitcham Cemetery. He was survived by his former wife Ruth Marjorie Hawker and three children Richard, Yolanda and Avril. On the corner of Belair and Angus Roads, Memorial Gardens, Hawthorn stands a "DR. A. KYLE GAULT MEMORIAL FOUNTAIN DONATED BY CITIZENS OF MITCHAM 1957."

### **Additional Biography**

#### **Early Life**

Arthur Kyle Gaunt was born 10 July 1894 at Mitcham, SA. the son of Dr Arthur Henry Gault (1864-1917) and Mary Rebecca (nee Scott) of Lower Mitcham, SA. To avoid confusion with his father he was commonly referred to as Kyle.

Kyle's father Arthur Henry Gault was born in December 1864 in Manchester, England and like his father before him had qualified as a doctor. He gained his qualification in Manchester and then undertook specialist training in London before migrating to Australia in 1888. He married Mary Rebecca Scott on 8 May 1890 in Adelaide, South Australia. He returned to London and gained his M.D. in 1900. The Gault's had four children, a son Kyle and three daughters Estelle, Maisie and Freda. The Highly respected Dr Arthur Henry Gaunt died on 28 August 1917 in Adelaide, South Australia, at the age of 52. *(See Obituary Appendix 1)* 

#### Education

Kyle was educated at Price Alfred College (PAC) where in 1906 he received an award for "General Proficiency" in 3rd Form. He completed his Junior Public Examinations in 1908 and 1909, Senior Public Examinations in 1910, Higher Public Exams in 1911 and was awarded the Malpas Scholarship. While at PAC he competed in Athletics. He then enrolled to studied medicine at the University of Adelaide in 1912. He completed his third year, however his study was interrupted when he enlisted in August 1914 and embarked for oversease in October. He served until being wounded at Gallipoli in June 1915 and repatriated back to Australia. After returning from overseas he completed his course and graduated MB BS in 1917.

His three sisters also attended Adelaide University - Estelle (BSc 1914, MBBS 1919), Maisie (BA 1921) and Freda (BA 1931)

#### **Adelaide University Sport**

Kyle Gaunt was an active sportsman while at Adelaide University and at various times played cricket, lacrosse and also rowed for the boat club.

#### Cricket

Adelaide University Cricket Club – 1915/1916. Kyle played B Grade after returning from overseas. There is no indication that he had played before enlisting. The SACA competition was unofficial at the time after most cricket clubs had a large number of players serving overseas.

#### **Other Sports**

Lacrosse - Kyle's main sport was lacrosse and was a member of the B Grade Premiership team in 1912. After the War, although a Graduate, he returned to the AULC and played in the 1919 and 1920 Intervarsity matches. He was awarded a Lacrosse Blue in 1919.

## Adelaide University Lacrosse Club - B Grade Premiers 1912

A.K. Gault - back row second from left (A W Morey's hand on his shoulder)

## 1919 Intervarsity

Back row: C.G.Evans (emerg.), L.Wilson, D.A.Dowling, H.M.Fisher, J.L.McGee, H.N.Rees, R.Walmsley (emerg.) Front: H.R.Othams, R.T.Grant, H.K.Pavy (capt), N.R.Bennett, A.K.Gault, K.J.Healy. Held in Melbourne, won by Melbourne 8-5

#### 1920 Intervarsity

#### Rowing

Kyle's main summer sport before his enlistment was rowing.

#### **Athletics**

He participated in the Adelaide University Athletics Carnival in June 1913 and finished 2nd in the Hammer Throw.

#### Daily Herald (Adelaide, SA: 1910 - 1924) / Thu 26 Jun 1913 / Page 7

#### UNIVERSITY SPORTS

#### ANNUAL ATHLETIC MEETING.

The annual sports meeting of the Adelaide University Sports Association was held yesterday afternoon at the University Oval. There was a large attendance of students and their friends, and the sports were well contested. The Governor and Miss Bosanquet were interested spectators.

Much excitement was shown in the competition for the cup. Messrs. I. B. Pender, E. D. Meldrum, and R. Pender were entrants in this contest, and each strenuously endeavored to win. I. B. Pender, however, was successful in carrying off the prize. He obtained the highest points in four contests, namely, 100 yards, 200 yards hurdles, broad jump, and 440 yards flat, and second place in the broad jump. Mildrum obtained second place in the first four events merition. R. Pender obtained third place. The cup was awarded on points—14. 3, and 3 being secured by the first, second, and third men. I. B. Pender was also the winner of the cup in 1912.

The various events on the programme resulted as under:—One-mile Handiens—R. L. J. Grant (170 yds.), 1; D. R. Wallman (150 yds.), 2. Time, 5m. 29s. Shot. Put.—V. S. Abbott, 32 ft. 9½ in. 100 Yards Champion.—M. Badger, 1; I. B. Pender, 2. Time, 10 45s. 220 Yards Flat.—M. Badger (ser.), 1; H. C. Thrush (10 yds.), 2. Time, 24 35s. One-mile Walk.—Staphens (60 yds.), 1; Blackburn (60 yds.), 2. Time, 8m. 51s. 120 Yards Hurdle Race.—Pender (5 yds. behind scr.), 1; N. R. Stevens (5 yds.), 2. Time, 16 35s. 820 Yards Handicap.—P. C. Spouse (90 yds.), 1; I. Pender (80 yds.), 2. Time, 1m. 57 45s. High Jump.—A. G. Moyes, 5 ft. 8 in. (6 in.), 1; R. Pender, 5 ft. 4 7.8 in., 2. 75 Yards Handicap.—F. N. Le Messurier (4 yds.), 1; W. J. Close (7 yds.), 2. Time, 8s. Running Broad Jump.—I. B. Pender, 20 ft. 5½ in., 1; F. N. Le Messurier, 20 it. 5½ in. (6 in. handicap). 135 Yards Handicap.—Badger (2 yds.), 1; Black 40 yds.), 2. Time, 14s. 440 Yards Handicap.—Pender (scr.), 1; Verco (20 yds.), 2 Time, 52 15s. Mile Champion ship.—Strachau, 1; Othams, 2. Time, 4m. 47s. 120 Yards Hurdle Race.—Pender (20 yds.) behind scratch), 1; Stevens (8 yds. behind scratch), 2; firstance, 67 ft. 440 Yards Hurdles.—Veitz (50 yds.), 1; R. Pender (30 yds.), 2. Time, 1m.

#### **Gault's Sporting Sisters for Adelaide University**

All three of Kyle's sisters played tennis and hockey while completing their studies at Adelaide University.

#### 1914 Intervarsity (Estelle - Blue 1914)

## 1920 Intervarsity (Maisie - Blue 1916)

Back: J.Leslie, A.Ingleby, R.Millar, M.Gault, O.Cope, J.Daw. Front: V.Macghey (vice capt), V.Stoate, A.Berriman (capt), P.Coulthard, J.Fairey.

. Held in Melbourne, won by Melbourne.

## 1930 Intervarsity (Freda)

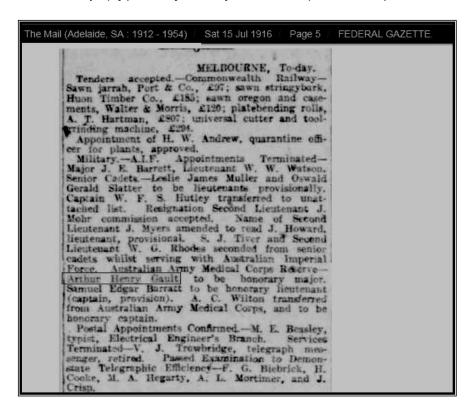

#### World War I

Kyle's War service is well documented in the earlier sections of this document. Full access to his War Service records can be viewed from the following link.

http://recordsearch.naa.gov.au/scripts/Imagine.asp?B=4028450

Kyle (left) with his father Major Arthur Gault (AAMC Reserve)

#### **Professional Career**

After his discharge from the AIF, Arthur went to work at his late father's, eventually taking over the practice in 1921. He continued there until his retirement in 1950. (See Appendix 2 for more on the Dr's Gault in Mitcham and the history of the Crafter Medical Centre)

#### Controversy

In 1938 Kyle was arrested, along with two women with "conspiracy to procure a certain result on the young woman". Newspaper reporting of the time was deliberately vague what this all meant but he was known for providing unofficial abortions. All three were eventually acquitted by Justice Mellis Napier.

## ALLEGED CONSPIRACY FOR ILLEGAL ACT

ADELAIDE, Thursday.

DR. Arthur Kyle Gault, who with two women is charged with conspiracy to procure a certain event on Clarice Amy Adams, read a statement from the Criminal Court dock today.

In the statement Gault said that he qualified in 1917, and from his experience at the Queen's Home for many years and a fairly large general practice he had acquired a considerable knowledge of women's complaints.

The accused are Arthur kyle Gault (50), of Unley road, Lower Mitcham, no dical practitioner: Mary Pahl (64), of Lambeth walk, King's Park; and Monica Grigs (45), of Mackinnon parade, Lower North Adelaide, They are charged with having at King's Park between May 11 and May 16 conspired together to procure a certain unlawful event on Clarice Amy Adams.

Each accused has pleaded not guilty. Mr. Justice Napler presided, and Mr.

MR. JUSTICE HAPIER

it R. Chamberlain (Grown Prosecutor) conducted the Grown case. Mr. Eric Millhouse appeared for Gault, Mr Harry Alderman, with Mr. J. F. Brazel for Pahl, and Mr. C. J. Phileox, with Mr. L. B. Mathews, for Grigg.

The first he knew about the matter which had resulted in the charge, said thaulf, was when Nurse tirigg telephoned him on the Sunday evening at his home. She asked him to examine a patient at the Martini Hospital the following morning. He had known Nurse Grigg since about 1922, although he had not seen anything of their from then until a couple of years ago, when he met her at another losspital.

#### MANY PATIENTS

During the past two years he had attended and treated various patients for her, Gault said. They had been for various complaints and at different hespitals, such as Porkwynd and the Memorial. He understeed that she also sent patients to other doctors.

sent patients to other doctors.
At the Martini Hospital on the Monday morning Nurse Grigg told him the girl had been irregular and should be examined. He gave her an anaesthetic as it was possible to examine much better that way than without.

He found that the girl had a minor displacement, which he corrected. He did not think she was in a certain condition. Having completed his treatment he left her, as he knew she was in capable hands. Had she been in such a condition and he had desired to perform an illegal operation he could easily have done so.

The next he knew of the matter was when he saw Det.-Sgt. Walters at the hospital. The girl Adams was there. He did not recognise her, but came to the conclusion that she was the girl he had seen on the Monday morning.

When bet. Walters said: "Did you operate on her " he replied: "Yes, but I did nothing to be ashamed of." Miss Curtis said: "Nothing to be ashamed of: what do you mean?" He replied: "I did not do an illegal operation if that is what you infer."

#### TALK WITH DETECTIVE

continuing his statement from the dock Gault said that he asked Det. Walters to go outside because he was afraid of the effect of the interview on Nurse Pahl, who, he knew, had a very weak heart. He did not say to Walters that he knew he had done wrong or that he should not have had anything to do with her. Nor did he say: "Can you overlook it this time?"

What he did say to the detective, Gaulf said, was to ask him whether it was necessary to go on with the matter. He knew there could be no evidence that he had done anything unlawful, and he was afraid of the publicity. Det. Walters must have drawn a wrong inference.

He also told the detective that he had not done anything that any other dector in Adelaide would not have done. Goulf denied that he said anything about doing harm, nor did he say that the girl had been brought there for an illegal operation.

there for an illegal operation.

He did not intend to say anything to the detective that would lead him to believe that anything unlawful had been done.

#### USUAL FEE

When he went back to the diningroom with Det. Walters the latter did not say to Miss Curtis that he (Gault) had admitted that the girl had been brought to the hospital for an Illegal operation.

He received £4.4. for what he had done, which was quite a usual fee for an internal examination and treatment. He did ask Det. Walters whether he considered that he should go on with the case, and he replied that he would have to report the matter to his chief.

thault said that he had attended other patients at the Martini Hospital, but not for the purpose of doing anything illegal.

There was no agreement between Grigg and himself, or with Pahl, that an illegal operation should be performed. He was not guilty.

Pahl and Grigg also denied the ac-

The hearing was adjourned and the three accused were remanded on ball.

#### **Marriage and Family**

Kyle married Ruth Hawker on 28 July 1921. Parts of Ruth's family were early settlers of the colony arriving in South Australia in 1840 although Ruth and her immediate family did come to Australia until after 1906.

Taken from: The Mail (Adelaide, SA: 1912 - 1954) Saturday 6 August 1921 p 8 Article

A COUNTRY WEDDING.

GAULT - HAWKE

The little country church on the estate of Mr. R. M. Hawker, the old head stationof Bungaree was the scene of a bright and charming wedding on Thursday, July 28.

The bride was Ruth, daughter of Mr. and Mrs. Walter Hawker, and the bridegroom Dr. Kyle Gault, son of the late Dr. A. H. Gault.

Being so far from town the assembled guests were mostly only near relations, but there were a few intimate friends present also.

The officiating clergyman was the Rev. S. J. Bloyd.

It was indeed a happily chosen month for such a celebration, for the sun shone brightly and the air was fresh, and fragrant with, the wealth of golden wattle that adorned the gates of the church drive, for wattle was the predominating note in the decorations in the church and in the path of the bridal pair as they returned from the ceremony.

The bride herself bore out this happy note of colour in her grace ful dress.

Soft white satin was the foundation, veiled in white georgette, with a handsome panel of gold and white brocade, and her exquisite train of Limerick lace was lined with palest yellow.

Her tulle veil, which fell to the full length of the train, was confined by a narrow band of gold ribbon, and caught at the sides by circlet of orange blossom.

She wore a pearl and emerald brooch, the gift of the bridegroom, and carried a bouquet of white cyclamen.

A deeper tone was observed in the frocks of the bridesmaid, Miss Margaret Murray, and the tiny train bearer, Miss Phillippa McFarlane.

Miss Murray's frock was of maize georgette, with picture hat ensuite, with trailing ribbons of pastel shades, her pretty bouquet being yellow roses and maidenhair. Miss McFarlane bore the bride's train in a dainty little picture frock of yellow with white fichu, and black velvet hat with posies of blue and yellow forget-me-nots. Her black sandal shoes and white socks and lace mittens completed this picturesque little costume.

The bridegroom was ably supported by Mr. John Creswell.

After the wedding the guests were entertained at Anama, the country home of the bride's parents.

After the reception in the drawing room the company admired the many handsome presents displayed there, amongst which was particularly noted a beautiful silver tea service, with an inscription which testified to the popularity of the bride with all her father's employees.

The bride's going-away dress was a smartly tailored costume in navy blue, with fawn motoring toque embroidered in mauve and rose, and draped with long blue veil.

Mrs. Walter Hawker, the mother of the bride, wore a fawn costume with georgette vest embroidered in pale pink and blue and hat of fawn panne velvet with feather trimming.

Mrs. A. K. Gault, mother of the bridegroom, wore a grey tailored costume with black hat adorned with black ostrich feather; and Miss Gault, sister of the bridegroom. wore a navy-coat frock with henna embroidery and toque ensuite.

Other guests included Mr. and Mrs. Richard Hawker, Mr and Mrs Michael Hawker, Mr. and Mrs. Edward Hawker, Mr. and Mrs. Trevor Hawker, Mr. and Mrs. Gordon McFarlane, Mrs. Percival Stow, Mrs. Christison, Misses Catherine, Lilias and Isabel Hawker, Miss Seymour, Mr. John Hawker.

Kyle and Ruth Gault had three children Richard born in 1922; Yolande born in 1924 and Avril born in 1927.

Kyle was a keen golfer and in 1927 (home Club - Kooyonga) went with a group of Adelaide players to Port Pirie.

# 82 Doctors In Big Golf Tourney

## H. C. NOTT WINS SCRATCH CUP

Scores 78; Brian Swift 79

# DAWSON BEST IN HANDICAP

(BY H. T.)

MORE than 80 doctors took part in the annual golf tournament at Seaton last week Dr. H. C. Nott won the scratch cup presented by Dr. H. Swift with 78, Dr. Brian Swift being runner-up with 79.

In the Handiesp Cup event, Dr. Dean Dawson, with an 83 less 20, was an easy winner Dr. T. G. Wilson presented the cup for this

Dr. Nott played excellent golf, going out
in 36, but a 6 on the
last green made him 42
home. Dr. Swift, who
won the cup last year,
also played well, being
only one stroke behind.
Dr. Dawson's performance was the most
surprising, his 83 being
the result of a consistent round. Dr. R. J.
Verco, runner-up in
the handicap event,
was also in surprising

form

Dr. H. C. Hell,

A putting competition was won by Dr. K. S. Hetsel with a score of 34 (8)—26. Second prize went to Dr. Rupert Magarey with 35 (8)—27.

A trophy presented by Dr. C.E. C. Wlison for the best score put in by a country player was won by Dr. R. D. Bartrum with 95 (15)—80. The annual dinner of the British Medical Association was held at the South Australian Hotel in the evening, when the trophies were presented. Scores:—

Presented. Bears:—

Lamphee, 158 (20)—123; A

Another interest of Kyle's was thoroughbred horse racing and was the owner a black filly called "Remarkable"

Dr and Mrs Kyle Gault were also very successful dog breeders of Sealyham and Kerry Blue terriers and regularly exhibited them winning many awards. However in 1932 the family had reported that one of their prize dogs had gone missing from their property in Lower Mitcham.

PAT an Nora had many friends to meet them at No. 2 Quay, Port Adelaide, today when they arrived in the motor ship Stirlingshire after a pleasant voyage from Liverpool. But they were not allowed to set foot on shore, and had to be carried to a launch to convey them to the temporary home on Torrens Island.

on Torrens Island.

Pat and Nora have come to South Australia to pioneer the Kerry blue terrier breed. They have shaggy, bluegrey hair, the body of an airedale (on a smaller scale), and the square jaw of the Irish terrier. They are said to be one of the best utility dogs in the world, and have a reputation for fighting, in spite of their usually docile cutlook on life.

The dogs were bought in England by Dr. A. Kyle Gault, of Lower Mitcham, to extend the breed to South Australia. Dr. Gault believes that there is only one other of the breed in the State, and probably Australia.

Pat and Nora will spend 60 days at the quarantine station on Torrens Island before being taken to Dr. Gault's home. A quarantine regulation made it necessary for the dogs to be carried from the ship to the launch, as they were not to set foot in Australia until their quarantine term was served.

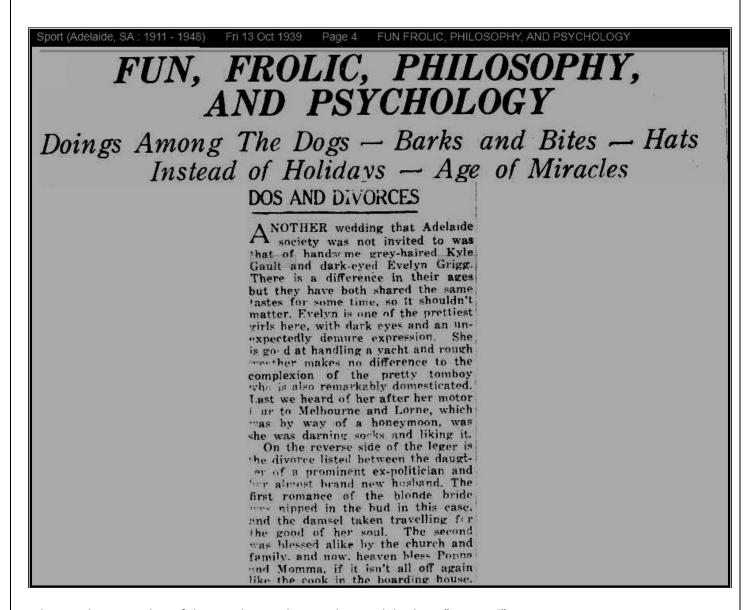

A parcel of prize certificates, text books, and pedigrees accompanied Pat and Nora, who come from the finest strain in the United Kingdom.

Unfortunately after 17 years of marriage, Ruth sued for an "undefended" divorce in November 1938 against Arthur on the grounds of "misconduct with Evelyn Grigg".

Kyle, now 44 years of age, married his co-respondent the 29 year old Evelyn Grigg in October the following year.

Kyle was also a member of the Royal SA Yacht Squadron with his boat "Warrigal"

The Advertiser (Adelaide, SA: 1931 - 1954)

Fri 13 Dec 1946 / Page 5

Yacht

Squadron's

60-Mile Race

By F.R.D.

It is expected that 12 yachts will compete for the Orontes Cup to be sailed over a course of 60 miles tomorrow. This will be one of the principal events of the Royal SA Yacht' Squadron.

The probable starters are:—Nautilius (W. L. Verco), M. Celeste (A. Jordan), Ingrid (H. A. Badenoch), Lakatol (W. Aylliffer, Warrigal (Dr. Ryle Gaulti), Seasalter (M. Warrigal (M. Ryle Gaulti), Seasalter (M. Warrigal (M. Ryle Gaulti), Seasalter (M.

By 1950 his former wife Ruth was living at Medindie and became an author of several children's books. Their daughter Yolande had moved to Melbourne where she was a medical almoner while the other daughter, Averil had qualified as a physiotherapist in 1949 at the University of Adelaide. Kyle and Ruth's son Richard had attended Queen's College and St Peter's College and at 18 years of age enlisted in the RAAF in WW2 serving for six years. After the War he settled in Papua New Guinea where he set up successful businesses. After retiring in 1993 he returned to Queensland (see Appendix 3)

Northern Argus (Clare, SA: 1869 - 1954)

Wed 11 Jan 1950 / Page 10 / Lucy Webb's Diary

### WOMAN AUTHORESS.

Miss Ruth Hawker of Anama, was the first grand child of the Hon. G. C. Hawker to be married in St. Michael's, Bungaree, the church built by her grandfather. She was married to Capt. Kyle Gault in 1921. Mrs. Gault has just had two children's books published under her maiden name by the Oxford University Press, Melbourne.

Both books are founded on fact, one an episode of her childhood, the other on life on an Australian sheep station of two English children rescued from the Blitz. The books are called "Treasure at Prince's Point," and "Two New Australians".

Mrs. Gault is busy on a sequel to the latter, one of several the publishers have contracted with her to write this year. Mrs. Gault lives at Medindie. Of her two daughters Yolande is a medical almoner in Melbourne, and Averil, who has just got her physiotherapy diploma at the Adelaide University.

American entertainer Evie Hayes was a house guest of Dr Kyle Gault in 1950 while appearing in the musical "Annie Get Your Gun". Choosing to reside in Australia she became an early legend of Australian television. (See Appendix 4)

Dr Arthur Kyle Gault over his long professional career performed many community roles including that of honorary surgeon to the Shelter for Girls at Mitcham and was widely respected by his patients and the people of the district. A voluminous number of family notices published in Adelaide's newspapers over more than thirty years at times of joy and sadness are testimony to this. Although somewhat controversially involved in court cases involving probable abortions a more contemporary view of his actions would be perhaps more accepting.

On 7<sup>th</sup> April 1955 Kyle suffered a ruptured aneurysm and died. He was subsequently interred in the AIF Cemetery West Terrace Adelaide.

#### Appendix 1- Obituary for Kyle's father Dr Arthur Henry Gault

#### DR. ARTHUR HENRY GAULT - Physician, Preacher, Patriot.

Dr. Arthur Henry Gault passed away at his residence, Lower Mitcham, on the afternoon of August 28. He was born at York Place, Manchester, in 1864, and was educated at Alderley Edge School. At the age of thirteen he entered the Manchester Grammar School, subsequently pursued medical studies at Owen's College, Manchester, and took the degrees of M.R.C.S. and L.R.C.P., and M.B. (London). After a year as house physician in the Manchester Infirmary he obtained the appointment of house surgeon of the infirmary at Ashton-under-Lyne.

He arrived in Adelaide in 1888, took up his residence in Mitcham, where he had lived and practised ever since, and became an active worker in connection with the Church in that suburb. He went to England in 1900, and gained his M.D. (London). Before returning to South Australia he devoted himself to a special study of tuberculosis in all its branches, visiting the chief sanatoria on the Continent and in Great Britain. Later he acquired the site on which he built the Nunyara Sanatorium at Belair, in which institution his specialized knowledge found a successful field. He was one of the senior honorary physicians of the Adelaide Hospital, and had only recently been appointed for a further term of three years. Owing to the shortage of medical men owing to the war, Dr. Gault had an exceptionally busy time; for apart from his own large connection he undertook the work of other practitioners who were on active service. Although he had been in indifferent health it was not until a few days before his death that he took to his bed. The deceased has left a widow, a son and three daughters.

His only son (Captain Kyle Gault), who recently successfully passed his medical examination, and gained the degree of M.B., is on his way to the front. Early in the war he served as a private in the A.M.C. on Gallipoli, where he received a wound, from which he has since recovered.

#### The Rev. C. H. Ingamells' Testimony.

Dr. Gault has been for many years a most acceptable local preacher in connection with our Church, and held many important offices in connection with the Conference. Among other positions was that of a member of the medical board for the examination of candidates for the ministry and of supernumerary ministers. A kindly and thoroughly liberal man, Dr. Gault always manifested a deep interest in his Church—especially on. it's spiritual and educational side. He thoroughly understood the "inwardness" of the Church's work, and his devotion and unselfish zeal in its advancement were constantly manifest. The deceased gentleman was connected with the various Conference committees, and felt an especial concern in the activities of the Methodist Ladies' College, giving the committee, of which he was a member, the benefit of his medical and scholastic knowledge, and being an enthusiastic supporter of the institution from its inception.

The Funeral Service. Military honours were accorded the funeral of Surgeon-Major A. H. Gault, on a grey day, Thursday, August 30. A gun-carriage, which conveyed the coffin, was draped with the Union Jack and drawn by six horses, from his late residence, Lower Mitcham, to the Mitcham Cemetery. Before the funeral left the house, a service was conducted by the Revs. C. H. Ingamells and A. R. Edgerley. A firing party was provided from the Mitcham Camp. The funeral was largely attended by ministerial friends, practitioners of the medical profession, of commerce, and of the working classes. There were others to whom the Doctor had ministered in times of affliction. Many floral tributes were sent, and the" cortege was a 16ng one. At the graveside the Rev. Henry Howard, assisted by the Revs. W. Jeffries and W. J. Walker, conducted an impressive service. The Bounding - of "The Last Post" and the firing of three volleys, concluded the proceedings at the grave.

#### The Rev. Henry Howard's Tribute.

Mr. Howard, speaking under great emotion, said:— The man whose mortal remains we are laying to rest this afternoon amid the quiet beauty of the scenes he knew and loved so well, was of a singularly retiring and unobtrusive disposition. But though there was nothing of a pushful or aggressive character^ in his nature, he possessed those sterling qualities which enabled him to win his way upward and prevail and to make for himself an honoured place among the most capable and trusted members of the great profession to which he had consecrated his life. I use the Word "consecrated" in regard to him with its deepest possible connotation, because no man ever took his work more seriously or sacredly as a ministry to which he was called of God and ordained than did Dr. Gault.

Thus it was that the profession and practice of medicine in his hands became a great and solemn trust, to be administered with fidelity, tho he guarded from desecration, and to be conscientiously worked towards the holiest ends. He maintained it the topmost level all those great traditions of the profession which the higher spirits of the medical fraternity delight to honour—traditions which never permit considerations of personal gain to weigh for a single moment against the claims of suffering humanity, but which bring the most advanced skill and the most potent virtues of medicine as swiftly and ungrudgingly to the bedside of the cottage home as to the sick chamber of the wealthiest and noblest of the land. It was this unswerving loyalty to his high calling which ever led him to think of himself last and which has really cost him his life. It is but a fitting thing that he should thus be buried, with full military honours, for he has as truly sacrificed his life for his country as any hero who has perished at the front. Equally fitting is it that he should be laid to rest among the foot-hills that knew him so well, and that now fold to their bosom the human-hearted main who passed through them so often by night and day, in summer heat and winter cold, on his mission of healing and help. Thus, amid the homesteads of the people in whose hearts by his unselfish service he has made for himself an abiding place, we lay the familiar form to rest.

We shall miss him in a thousand ways—his brightness, his buoyancy, his fine sense of humour, all that went to make up his winsome personality, these have passed and left the earth a poorer place in which to live. But how they will miss him in the home circle, so suddenly and sadly bereaved, we dare not think. "When, too, we think of the soldier-son so far away from home, and we gather round the fire-Bide in our homes to-night, with all our loved ones safe about us, shall we not pray that God may take both him and them each by the hand and lead them all along the way they have to go, till by and bye His love shall set them by their dear one's side again! And in this sure and certain hope we leave him in the Father's tender keeping: "Until the trump of God be heard, Until the ancient graves be stirred, And with the great commanding word Our Lord shall come. O blessed hope! with this elate Let not our hearts be desolate, But strong in faith, in patience wait "Until He come!"

## **Appendix 2 - The Doctor's Gault and Crafter Medical Centre Mitcham**

(A Ward in the Mitcham Council area is named after the "Doctors Gault")

# **Gault Ward**

Dr Arthur Gault at the wheel and Dr F Steele-Scott beside him on the 'New Orleans' c1901

#### The Doctors Gault

The ward was named after doctors, (father and son) who were well known all over the district for several generations. Dr Arthur Gault (1864 - 1917) was Health Inspector for Council and established 'Nunyara Sanatorium' in 1902 for consumptive patients. He suffered from animal allergies and when he travelled to England in 1901 imported the first car in the district, a New Orleans. His son Kyle had a number of baby boys named after him in the district even though he swore like a trooper and unofficially carried out abortions. The doctors lived at 'Ardmeen' now the Lenzerheide Restaurant.

Mrs Mary Gault at 'Ardmeen'

gault\_ward\_pamphlet.pdf

Crafter Medical Centre has been in existence in one form or another for over 125 years at this site and was the first medical practice in the district. It was founded by Dr Arthur Henry Gault (1864-1917) who practised from his home "Ardmeen" at 146 Belair Road Hawthorn (currently the site of the award winning Lenzerheide Restaurant) in 1890.

Arthur emigrated to Australia in 1888 from Manchester, looking for a better climate as he was a chronic asthmatic. He was engaged to Mary Scott from Castlederg, County Tyrone in Ulster, Northern Ireland, and Mary followed soon after. They married in 1889 and built their home at Hawthorn, calling it Ardmeen from the name of her family home in Ireland. Dr Gault built a sanatorium at Belair in 1902 for sufferers of tuberculosis and called it Nunyara, an Aboriginal term meaning 'place of healing'. Arthur and Mary had four children Ruth, Maisie, Freda and Arthur Kyle. All four were to take degrees at Adelaide University, Ruth and Kyle became Doctors of Medicine. Dr Arthur Gault succumbed to pneumonia and died in 1917 at the age of 53 at Ardmeen.

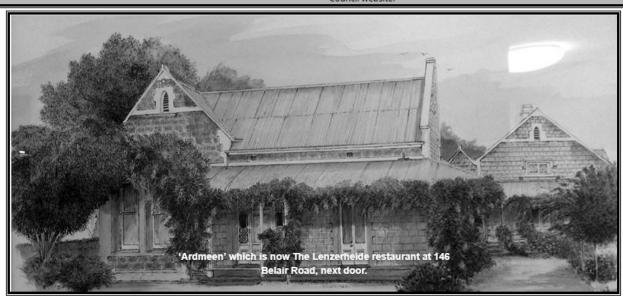

Arthur Kyle had joined the army in his second year of Medicine at Adelaide University. He was shot in the cheek at Gallipoli and would most certainly have died, had he not been discovered amongst the wounded by Professor Watson, then a Professor of Medicine at Adelaide University. He was nursed back to health in Australia and completed his medical degree. Kyle then set sail back to England intending to continue active service. When he arrived in England however, he was informed of his father's death and decided to return to Adelaide to continue the family practice.

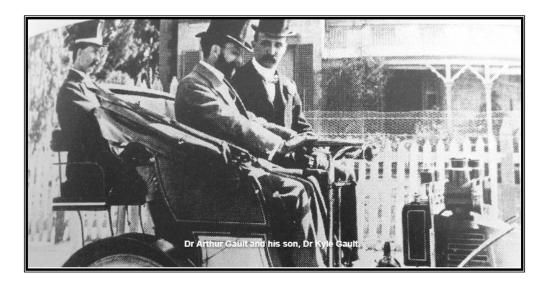

In 1950 Dr Ken Crafter joined Kyle Gault whose medical practice was now well established in the Mitcham area. Kyle Gault left the practice soon after and Dr Crafter continued to care for the Mitcham community, slowly enlarging the practice with the addition of new doctors. Dr Crafter was a past president of the Australian Medical Association and a visiting medical officer at the newly established Flinders University School of Medicine.

The new Medical Centre was built on the site of the old Gault tennis court and became known as the Sturt Clinic. Five other doctors joined the practice here with Dr Ken Crafter. They were Drs Clive Auricht, Dick Hodgson, Jim Evans, Val Nicholls and Andrew Ramsay.

This group of six doctors carried on until 1975 when the eventually disbanded and the building sold to make way for the new group of doctors in 1975. The new group changed the name of the clinic to The Crafter Medical Centre in honour of Dr Ken Crafter and his contribution to general practice. Drs Bill Chapman, Andrew Ramsay, Ross Williams and Maurice Dowell purchased the building, along with the two Drs. Luke who continue to practice in the back half of the building as dentists. Since that time, the practice has steadily grown. In 2009/2010 the doctors at Crafter Medical Centre took further space in the adjacent shops on Belair Road. This has allowed further expansion of the practice as a teaching and training practice for general practitioners and medical students from Flinders University, continuing the proud tradition that Dr Crafter established.

Find out more about Dr Arthur Gault and the history of the area at the Mitcham Council website.

#### Richard Kyle Gault: Ros Gault

Richard Kyle Gault(known to all in PNG as "Dick" Gault) was born at Ardmee, 146 Belair Road, Hawthorn (Lower Mitcham), South Australia, to Dr Arthur Kyle Gault ("Kyle") and Ruth Marjorie Hawker. He was the eldest of three children, having 2 sisters, Yolande and Averil. Both his grandfathers were Doctors of Medicine (Grandfather Walter Hawker practicing for a week then having to take up his share of the Bungaree Station pastoral estate, Anama) and he lived in the home that included his grandfather's and father's medical practice in the North Wing, five acres of gardens, a tennis court, milking cow, chickens and horse stables. Dick attended the private prep school in Adelaide, Queens College and was a boarder of

Saint Peter's College for his primary and secondary schooling.

In his early teens, Dick's parents divorced. The social stigma of such an event in the early 1930s, in a small close community, was profound, as was the emotional effect of a split life. His father, Kyle, was a workaholic doctor, whom he loved dearly and he spent time with him on his patient rounds, preparing medication, making pills and in a little spare time, sailing on his father's yacht. At his father's home, he was dearly loved by and loved his nanny, Nellie Slocombe, and cook, Dot Applebee. In boarding school holidays he also spent time with his mother and sisters, either at *Derrymor*, his grandfather Walter Hawkers' summer home in the Adelaide Hills or at *Anama*, the sheep station near Clare.

After finishing school, he worked briefly for Austral Elevator Company in Adelaide and, showing good aptitude with the machinery, was offered a training course in England. This was not to be due to the war breaking out.

The involvement of Australia in WWII saw Dick enlist at the age of 18 in the RAAF on 20 May 1941 and he was proud of the fact that his number was 39424 (low in the series issued, representing early enlistment). Dick served his country for just short of six years (discharging at age 23 on 26 February 1946) at air force bases at Laverton, Point Cook, Pt Pirie, Hamilton, Geraldton, Kalgoolie, Pearce, at Yannarie Station, far northern WA, conducting armament instruction, bombing and air gunnery training, repair and salvage. He also served overseas as a Leading Aircraftsman in 61 Operational Base Unit, performing Japanese air surveillance at Tarakan and Morotai (Indonesia, then Dutch territory¹) and Tawi Tawi Island (Philippines). It will come as no surprise to anyone that his family knew very little of Dick's war service and were told by him as children and teenagers that he had served as a "cook". They knew this wasn't true, because he didn't care for cooking and "couldn't boil water without burning it"!

Upon discharging in Brisbane off the US Stamford Victory from Tarakan, Dick spent some time buying and selling war surplus including trucks and boats in Queensland and Northern Territory.

In his travels he heard that there was work in the Territory of Papua New Guinea (TPNG) and so hopped on the first ship carrying civilians heading to TPNG. Here began an adventurous and rewarding 45-46 years of Dick's life. In Manus he worked for the US Vanil Corporation, supervising the loading of war equipment being returned to the US. At one stage, he salvaged war surplus barges, etc., in Manus and sold them at a profit. With his RAAF

3/31/2018 PNGAA Library

experience and life-long interest in aircraft, Dick also had a job as Manager of Mandated Airlines, based in Lae.

Before long he headed to Rabaul on the island of New Britain and started a number of entrepreneurial vocations, including a construction/building company (building the Shell Co. Managers' house, houses in Bay Road, the family home on the plantation and in town, etc.), and leasing and operating the plantation *Toriu* where he even had a trade store and sewed up "lap laps" for sale! Dick also worked for Burns Philip stevedoring for a shilling a day! All Dick's skills were self-taught or gathered on the job.

At about this point in time he met and fell in love with Joyce Beryl Barry. Dick had bid for and won a contract to construct a large freezer for Anderson's butchery where Joyce was the Manager. Needless to say, Joycie was the "absolute love of Dick's life", completing his circle of happiness. She was his North, his South, his East and his West. They married in Sydney in December 1955, having the wedding reception at Alan and Jenny Anderson's home, Warana. Returning to Rabaul, they lived initially in Bay Road in one of the houses Dick built, then bought Warenvula Plantation from Mrs Bignell (of the hotel fame), cleared the bush to build a house and plant cocoa and coconuts.

Warenvula was approximately an hour's drive from Rabaul and half an hour from Kokopo, on the lower reaches of the Warengoi River and overlooked the sea of the St George's Channel. Joyce was renowned for her charity work, magnificent garden and spectacular entertaining. Dick and Joyce's three children Richard, Rosalind and Roland were all born at Vunapope Hospital in Kokopo with Dr Hubert Lunger in attendance and the family lived a fantastic life on the plantation, until a kerosene refrigerator malfunctioned and burnt the house down in 1973.

In an unconfirmed sequence of events, Dick built and operated a desiccated coconut factory at Rapopo that also produced coir fibre mattress material. He financed a team of men escaping the ravages of war in Yugoslavia (Bruno Tasic, Emile and Steve) as crocodile shooters. He traded crocodile skins, troccus and green snail shells (for buttons) so successfully to Paris and Japan that he opened a trading office in Tokyo in the early 1960s. Dick continued to buy and sell scrap metal (WWII surplus) under licence for over 30 years.

The sedate life of the planter was not for Dick and with his keen interest in machinery he went into the heavy equipment contracting, saw milling, timber exporting and veneer manufacturing businesses. In 1966 he purchased two Japanese 120-foot fishing boats to start a tuna fishing business. This venture didn't get off the ground, but the boats were put to good transport use in the logging business. The New Britain Queen (named after Joyce) went up on a reef off Cape Lambert one wild stormy night with Ian MacDougall at the helm. The last time the New Britain Princess was seen, a tourist visiting Rabaul sighted a wreck on a beach at G&M Slipway and identified it as a WWII wreck! Sometime in the 60s, Dick expanded into Bougainville, opening a sawmill on Aropa Plantation and soft drink factory in Kieta, and owned a block of residential units on the foreshore of Kieta. Dick also imported balsa seed from Ecuador (planting a stand of trees on Warenvula and shared seed with DAL Kerevat) and was instrumental in (inadvertedly) starting the now booming balsa business in PNG.

From the 1970s to his departure from PNG upon the sale of his business interests in 1993, Dick's core business was sawmilling and export logging. Prior to PNG's independence, the uncertainty created by the Australian Government and the UN for foreigners wanting to remain in the country saw Dick pursue a sawmilling venture in Fiji and for many years a "family home", that we never lived in, existed in Suva. When TPNG gained independence, both Dick and Joyce were amongst the first naturalised citizens, considering PNG "home". They had no assets outside the country. Over the years some business ventures failed, there were tough times and good times. But Dick

3/31/2018 PNGAA Library

would soldier on; come what may, putting in the hard yards to provide for his family.

In business, Dick was a self-propelled, sole operator, what he would call a "self-starter". He admired and encouraged entrepreneurial spirit. He was one of the hardest working men in the islands. His day would start at 5.00am (and earlier) and end at 6.00pm, six days a week covering thousands of kilometres a year from home to the sawmill, town and the plantation (an hour's car journey each way), sometimes 2 and 3 times a day. Half a Sunday was generally billing and correspondence day. How mobile phones would have changed that! Dick had no formal training in business procedures and many could testify to machinery being operated on the "smell of an oily rag" and to within an inch of its life, and beyond! Who could ever forget that sight of a single cab vehicle moving along the Kokopo Road that was barely distinguishable as a vehicle because it was so laden down with sawn timber from the Warengoi sawmill for the sales yard in Rabaul!

Dick was proudly an elected member of the Committees of the peak timber bodies of Papua New Guinea: The Forest Industries Association and the Forest Industry Council in the 1970s and early 1980s, at a time when the industry was well regulated. He represented PNG on several trade missions internationally. His knowledge of the forest species of PNG was extensive. And he sustainably logged the same valley for his Warengoi sawmill (which is still known today by the locals as "Dick's place") for over 30 years.

Dick was brought up to be a "perfect gentleman", still thanking the nurses for their care the day before he passed away, despite hardly being able to speak. Dick had a community spirit serving on the timber industry boards, Rabaul Town Council for a term, providing machinery/labour gratis to create school and club playgrounds and free timber/material for many charitable causes.

Dick was selfless (never spent a cent on himself), kind and worked for and loved his family, including providing the best education for his children, he could. He treasured his friendships, and although he didn't have time for many close friends in PNG, with his 'retirement' to Australia, formed and maintained many special affinities.

Dick's health was remarkable. Between 2008 and 2009 Dick spent only a few nights in hospital. 2010 was not such a good year. The breathlessness increased markedly and on 26 May, Dick returned from pruning lantana off the driveway (having walked a kilometre) and proceeded to have what we can only assume was a TIA (stroke). A short visit to Murwillumbah hospital for 11 days in December to get assessed for oxygen assistance and the treatment of a urinary tract infection was over on 22 December and Dick spent Christmas and his last days at home in his bed surrounded by the family who loved him and whom he loved (at least the ones who made it across the causeway before we were landlocked once again!).

Dick would want me to thank once again from the bottom of his heart, all those who touched his life.

Kichard Kyle Gault	(Snr)/Dick was Number	I and One in a Trillion.

Dick, in amazement, received a few Guilders a month from Queen Wilhelmina of the Netherland for defending her territory!

#### **Appendix 4 - Evie Hayes - Entertainer**

## Australian Dictionary of Biography

#### Hayes, Vina Evelyn (Evie) (1912-1988)

by F. Van Straten

This article was published in Australian Dictionary of Biography, Volume 17, (MUP), 2007

Vina Evelyn (Evie) Hayes (1912-1988), entertainer, was born on 1 June 1912 in Seattle, Washington, United States of America, daughter of George Hayes, stage mechanist, and his wife Eva, a soubrette. Evelyn's childhood was spent on the theatre circuit; her stage début, aged 4, was singing and dancing in a Christmas show. She took acting classes, toured the West Coast vaudeville summer circuits under the care of her mother, and appeared as an extra in Hollywood films, gaining a small role in Warner Brothers' Hold Everything (1930) and making several musical shorts.

After touring with Georges Carpentier's revue company, Hayes moved in 1934 to New York, where she worked as a 'song plugger' at Irving Berlin's music publishing house and sang on radio and in nightclubs. Will Mahoney soon engaged her as his leading lady for a variety tour of the United Kingdom and Europe and, now known as Evie, she sang for the British Broadcasting Corporation, appeared in cabaret and cut her first records. On 26 March 1938 at the register office, Westminster, London, Evie and Will were married. It was Mahoney's third marriage; he was 44 years old and she was 25.

While on their honeymoon, Mahoney and Hayes travelled to Australia to appear on the Tivoli variety circuit. The Melbourne première of their revue, Why Be Serious?, on 22 August was (the Age declared) a `triumph'. They toured Australasia for several years. In 1943-48 Mahoney managed the Cremorne Theatre, Brisbane, and with Hayes presented revues, pantomimes and musicals that proved immensely popular with Australian and American troops. They raised £500,000 for war charities.

Though not a conventional beauty, Hayes possessed a vivacious charm, an affable American accent and a singing style that ranged from sultry to strident. In 1947 she won the coveted lead role, originally played by Ethel Merman, in *Annie Get Your Gun*, which opened at His Majesty's Theatre, Melbourne. This was the first large-scale new musical staged in Australia after the war; at the end of its marathon three-and-a-half-year tour, Hayes visited the USA and underwent plastic surgery to reshape her nose. She returned to Melbourne in 1952 for a brief revival of *Annie*, then starred in *Kiss Me, Kate*, a revival of *Oklahoma!* and, in 1953, another Merman show, *Call Me Madam*.

From 1958 Hayes appeared regularly on television; she worked as a compère, singer, comedian and commercial presenter on Graham Kennedy's 'In Melbourne Tonight'. In 1963 she took the title role in the Australian musical *Mata Hari, the Flame of Istanbul*, at the Bowl Music Hall, and three years later toured as Mrs Brice in *Funny Girl*. After Mahoney's death in 1967, she established a talent school for children, which led in 1971 to new prominence as a judge on Channel 10's 'Young Talent Time'. Her warmth and gentle encouragement endeared her to a rising generation of performers.

In 1969 Hayes was diagnosed with multiple sclerosis, but she persisted with teaching, television and speaking engagements. On 26-27 October 1988 she sang in a World Expo '88 variety concert at the Lyric Theatre, Brisbane. Eight weeks later, on 26 December 1988, Evie Hayes died at South Caulfield, Melbourne; she was buried in Melbourne general cemetery.
