Pulmonary Tuberculosis

Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. about December 1917 after enlistment
10. Place of origin of disability. England
11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case. Patient had no symptoms until he arrived in England where he developed a cough, later accompanied by pains in chest. There is a chronic expectoration. He now has shortness of breath on slight exertion and weakness.
12. Give your opinion as to the causation of the disability, stating whether in your opinion it is—
(a) attributable to or aggravated by service during the present war, climate, or ordinary military service. (The specific condition to which it is attributed should be stated, see Notes on page 3). Pulmonary infection attributable to ordinary military service. Scattered by climate
(b) constitutional or hereditary, and not aggravated by service during the present war. no
(c) attributable to or aggravated by want of proper care on the man's part, e.g., intemperance, misconduct, &c. no

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

14. If the disability is an injury, was it caused—

- (a) In action?
- (b) On field service?
- (c) On duty?
- (d) Off duty?

15. Was a Court of Inquiry held on the injury?

Officer in medical charge of case.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

21. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war;

(ii.) Climate;

(iii.) Ordinary military service;

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or

(v.) Whether it is constitutional or hereditary.

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it?

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which?

23. Is the disability permanent?

24. If not permanent, how soon do the Board recommend re-examination?

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

26. If an operation was advised and declined, was the refusal unreasonable?

27. Do the Board recommend—

(a) Discharge as permanently unfit, or

(b) Change to England?

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

(a) Sanatorium;

(b) Hospital;

(c) Convalescent home;

(d) Asylum; or

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

29. With reference to Army Council Instruction No. 1275 of 1917, is any surgical appliance recommended?

30. Does the man require the constant attendance of another person?

Medical Officer,
for Surgeon General,
D.M.S. A.I.F.

in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

21. (a.) State whether the disability is clearly attributable to—

(i.) Service during the present war; *Yes*

(ii.) Climate; *Yes*

(iii.) Ordinary military service; *Yes*

(iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or *Yes*

(v.) Whether it is constitutional or hereditary. *Infection*

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it? *To exposure to infection whilst O.H.S.*

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which? *Yes, Climate.*

23. Is the disability permanent? *Yes*

24. If not permanent, how soon do the Board recommend re-examination? *Not applicable.*

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present? *40%*

Degrees of disablement should be expressed in the following percentages:—100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

26. If an operation was advised and declined, was the refusal unreasonable? *Not applicable.*

27. Do the Board recommend—

(a) Discharge as permanently unfit, or

(b) Change to England? *Permanently unfit for General Service*

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a— *Permanently unfit for Home Service*

(a) Sanatorium;

(b) Hospital;

(c) Convalescent home;

(d) Asylum; or

(e) Other institution either as an in-patient or an out-patient, and if so the period for which recommended.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (*see* Articles 1162 and 1165. Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

Exposure on Active Service, but equally liable in civil life.

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

21. Has the disability been aggravated by

(a) Intemperance?

no

(b) Misconduct?

(c) Any of the conditions mentioned in Question 20, and if so which?

22. Is the disability permanent?

*yes
not applicable.*

23. If not permanent, what is its probable minimum duration?

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

Not at all.

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$, or total incapacity.

24a. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Insurance Act?

not applicable.

With reference to your letter No. 9/533 of the 7th June, concerning ex-No. 1344 Private R. Whitby, 1st Light Horse Regiment, stated to be identical with No. 7795 Private R. Whitby, and also with No. 630 Private J. LeFebvre, 6th Light Horse Regiment, I attach hereto copies of the respective Army Forms B.103.

A comparison of the attestation papers confirms the identity of the two Whitbys, but attestation paper of LeFebvre is that of a totally different man altogether, apparently.

Under the circumstances therefore I shall be obliged if on the result of your deliberations, you will advise me as to whether the three (3) are one and the same man and if so which is the correct name so that war medals may be inscribed accordingly.

The favour of early attention is requested as the issue of war medals depends upon your report.

The accused, No 1344 Trepper Whitby R. of the 1st Dismounted Light Horse Regiment, (A patient in No 14 A.G. Hospital) a soldier of the Australian Imperial Forces, is charged with:-

Sec. 15 A.

When on active Service, "ABSENT WITHOUT LEAVE".

in that he,

at Caite, on the 2nd October 1916, did absent himself from 6-45 am on the 2/10/16, till 8-45 pm. on the 2/10/16, when arrested by the Anzac Provost Corps.

Summary of evidence in the case against No. 1344 Trooper WHITBY R.
1st Light Horse, A.I.F. (a patient in No. 14 Australian General
Hospital) taken down in the presence of Major. C. Lowther Clarke,
A.A.M.C.,

The accused is present in person and desires evidence to be
taken on oath.

1st Witness. No. 1997 Sgt. L.G. ~~Trainer~~ 2nd Light Horse attached
1st Dism. A.L.H. being duly sworn, states:-

~~With reference to the morning sick parade~~ I called the roll on Monday Oct 2nd
morning at 6.45 a.m. parade. Trooper Whitby was not on
parade. On making enquiries I was told that he was
on sick parade but on enquiring at the Orderly Room I
found that he had not attended sick parade. The
Corporal in charge of the tent in which accused slept,
Cpl. Hill, informed me that Trooper Whitby had not slept
in his tent on the night of the 1st October. Trooper
Whitby was not present at any parade since that date
of his Unit at El-Ferdan Roadhead. I reported his absence
to the Squadron Sergeant Major. I recognise accused as
Trooper Whitby. I have not seen him since the 1st October.

Accused declines to question the Witness.

1st Dism A.L.H.*

Witness withdraws.

2nd Witness. Capt. A.M. Davidson, A.A.M.C., Regimental Medical Officer,
1st Dism. A.L.H. being duly sworn states:-

The accused paraded at the morning sick parade each
morning from the 27th September to the 1st October inclusive.
He complained of an affection of the tongue. He told me
that he thought his condition was due to Syphilis. He did
not appear to me to be suffering from Syphilis. I am of
the opinion that he was suffering from mild ulceration of
the tongue. By his persistence in attributing his condition
to Syphilis and by his repeated requests to be evacuated
I came to the conclusion that he was deliberately attempting
to avoid duty. My opinion was confirmed by the contradic-
tory statement made by the accused as to his previous
history. During the whole of the time that accused was
appearing on sick parade he was in my opinion fit for
ordinary duty. The accused informed me that he had a sore
on his penis in 1903. He also stated that when on leave
a few days prior to the 27th September he attended the
Australian General Hospital, Abbassia, and was given a few
tablets for treatment. He also stated that he had been
treated by a Native Doctor in Heliopolis for Syphilis.

By accused. Q. Did I ask for ~~any~~ other Medical advice?
A. Yes, you asked to be allowed to go before a medical Board.
Q. Did I state definitely that I wanted to be sent away from
the Unit.
A. No, but you made representations that it was bad for you
to remain in camp on account of the condition of your

(2nd Witness continued)

By Major Clarke. Q. Did you put the accused on light duty?

A. No, I considered him fit for ordinary duty.

Q. Had the accused been on sick parades on previous occasions?

That Richard WHITBY states -
Witness

I am a private in the AIF and a member of
26th Rfce 9th Batten. On 27/10/17 my kit bag was packed
and loaded with others for transit to Sydney. About
22/11/17 the kit bags which are stowed in the hold
of the ship, were made available to units. My kit
bag was handed to me in a damaged condition.
The Kit Bag was torn open at the side for about
19 inches, and the following articles were missing.
Breeches M.S. 1 Pair: Gousewife 1: The following
articles were damaged. Kit bag universal 1: Boots
Pours 1: Puttees Pairs 1:

These articles were all packed in the kit bag in
good order and condition on 27/10/17. (The Board inspecting

I am a private in the A.I.F. and a member of

 Guard in charge of Queensland Reinforcements Baggage
 which was being moved from Sydney Railway
 Station to Dalgety's wharf at Miller's Point. The
 Motor Lorry was much overloaded and when passing
 down Elizabeth Street a great number of the kit
 bags came off and were scattered about the
 street. The rear wheel of the transport passed ~~over~~^{some}
 over one of the Kit Bags, ripping a kit bag open and
 damaging its contents. I believe the kit bag belonged

Both Cords are much thickened & congested, and the interarytenoid space is infiltrated & swollen. The whole larynx is bathed in mucopurulent secretion.

I would recommend the use of a dry inhaler (mask) with Creosote Chloroform omenthol almost constantly. An alkaline laryngeal spray every few hours would also favor the removal of secretion. The mask would favor silence which is essential.

re No.1344, Private R. WHITBY, (decd.) 1st L.H.R.

With reference to your memorandum of 23rd June, relative to the abovenamed deceased soldier, I have to advise that an inspection of the District Finance Officer's file discloses statutory declarations made by Whitby's wife, showing that Le Febre was an alias adopted by Whitby on his first enlistment.

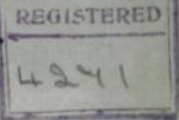

There appears to be no doubt that Le Febre and Whitby are one and the same person.
