Oct. 17 1943

Dear Mr. Tregear,

On behalf of myself and the Coy I ask you to accept our sincere sympathy in the death of your son. He was known to us all as "Bunty" and was one of the main stays of the Coy. His promotion to Corporal was well earned and immediately had the confidence of all his men and won many friends.

As Coy Comd I found him to be an excellent soldier not only in action but at all times. His courage was an inspiration to us all and his death is a loss indeed to the Coy. and such men as he are hard to replace.

Padre Lind officiated at the burial service at which myself and his friends were present. The cemetery is situated in a beautiful little spot in the hills overlooking the surrounding country and trees. If you desire further particulars I would only be too pleased to give them to you.

Yours sincerely,
B. K. Richmond
